Megan Player — National Open winner!

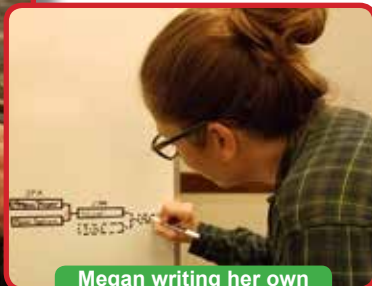

Megan Player—perhaps the most aptly named ACC member—won the National Open on July 30. In 2017, Megan finished fourth. This year, she won the tourney! She becomes NOCT director in 2019, so next year Megan will have to defend her title while herding cats!

Megan—NOCT winner and future director—with retiring NOCT directors John Morch and Jerry Gooden

The winning scorecard!

Megan writing her own name in the winner's slot!

President's Column

by David Campbell

It is amazing what you can accomplish if you do not care who gets the credit.

—Harry S Truman

During my first year as president, I have learned that the ACC has three types of members. The first type is full of ideas. I heard probably ten ideas each week for the last fifty-two weeks. Of these five hundred ideas, some were great, and some quite frankly were crazy. It is okay to have an idea, but please think out the process with questions like: Can this currently be done? How much money will it cost? Does it benefit the ACC by (a) generating more revenue or (b) attracting new players? More important: be prepared to be the person who does the work needed for your idea to become reality.

What the ACC needs is *doers*. The second type of member is a doer but needs to be praised for everything they do. The third type is also a doer, and we have many people who do tons of work volunteering in positions for the ACC. You have no clue how important of a role they play in keeping monthly activities running. I have no problem with either set of doers. Having been in this position for a year I now have a much better understanding of what personalities I am dealing with. I personally like the quiet ones who do not need to be patted on the back for everything they do,

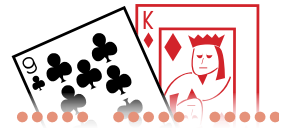

but we need all of the doers.

It is my responsibility to make sure that the ACC does not lose money, finds ways to attract new people, and—quite possibly most important—keeps new people after we get them in the door. I also need to find ways to put people in the best possible situation to succeed. A few years ago we raised dues because our membership was decreased and we were losing \$10K per year. We are neither losing money now nor increasing our funds, but we are in a much better place than a couple of years ago financially.

Finally, here is something that everyone can do to help the ACC. The Grass Roots season is about to restart all over the country. I have invented a new national holiday: September is now **BRING A FRIEND TO CRIBBAGE MONTH!** Here is what I want all of you to do: bring a friend to Grass Roots club during the month of September. Afterward, talk with this friend and see what they liked and did not like about Grass Roots. I want to know what they had to say about their evening, so please email me (acccribbage@aol.com) or share the info on the ACC's Facebook page.

I hope to see many of you in Milwaukee at Grand National. Please introduce yourself or just say hello if you happen to see me throughout the week. **CW**

Your Deal

Letters to CW will be printed on a space-available basis and may be condensed or edited for clarity and length (150 words maximum). Send letters to cribbageworld@cribbage.org or P.O. Box 313, Ada MI 49301-0313. Please include your name, city, and state.

Four Regions

A few years ago a well thought out plan to equalize the representation of the ACC membership was presented to the BOD. Statistics showed that the West had 50% of the members and that splitting it at the California-Oregon border would make four equal regions. It was not adopted—despite the ACC statistician's assessment that it would not be hard to implement! I bring this up because this season I once again experienced one of the inequities unfair to Western players. I accumulated nearly 1,000 MRPs—enough to make the All Star team in the Central or Eastern Region—but not in the Western with twice as many competitors! That brings me to the biggest inequity—*money!* The West provides half of the ACC's revenue for one-third representation! The current board is making some upgrades, so why not this one? I would like to see the rezoning plan published in *Cribbage World* as a poll for the general membership to decide whether it is a more equitable arrangement. If there is a positive response the plan should be reconsidered by the board to see if they truly represent us!

Mel Ashley (Marina CA)

CW readers—what do you think? Should the ACC be split into four regions?

First Time, First Place

At the informal July meeting of Middle Atlantic Club 115 (Elkins Park PA), a new

member brought a guest. The guest—the not-quite-ten-year-old **Eliza Meersman**—walked off with the top card of the evening as she played with great aplomb under the smiling eyes and proud approval of her mother, **Carrie Meersman**. We will be seeing much more of this young lady at Club 115 and the ACC.

Franklin Wurman (Elkins Park PA)

Counting 15s

I don't know whether other cribbage players already know this, but I've found a clever way to doublecheck the 15s in my hand. I add up all the cards and then figure out what has to be subtracted from that total to reach 15. For example, 2-3-4-5-8 add to 22, which means I have to subtract 7 to get to 15. The cards that add to 7 are 3-4 and 2-5, which means I have two 15s, which is consistent with what I get when I counting 15s in the usual way (3-4-8 and 2-5-8). This method is a great way to make sure you count all of the 15s you're entitled to.

Andrew Laurence (Alameda CA)

Editor's note: this time-tested method for confirming 15s works best when the cards total between 16 to 25 (e.g., A-2-3-4-6 = 16, and there is only one way to drop a single point—thus 15-2 plus a run of four).

My Deal

Play **smart**, play **fair**, play **fast**—but mostly play **nice**

Am I the only one noticing that players seem to be whining more nowadays?

I don't mean legitimate whining, you know, when you are dealing on first street and looking at A-2-6-7-10-K in your hand

Thou shalt not whine!

while your opponent is halfway down third street. I think most of us agree that at least a smidgeon of whining in this situation is, if not warranted, at least to be expected.

What I'm talking about is whining when you are ahead by a substantial margin. Or when you have great board position vis-à-vis your opponent. Or when you start with a 12-point hand and cut to "only" 14. Or when you get the win but not a skunk. Or when you lose your last game of the day but are still high qualifier.

I'm kinda thinking that in these cases, we should be grateful for the win, or the

14 points, or the great board position. Could the cut have been better? Perhaps. But how about applying something here we should've learned in kindergarten: appreciating what we have instead of whining about what we don't have.

Cribbage players have so much to be thankful for—mainly that we get to spend our leisure time playing a game. *A game!* We should also be thankful for the freedom to travel freely in this country and visit friends and scenic locales while attending cribbage tournaments. And thankful for the discretionary income that allows us to afford this. In other words: if we spend all day playing cribbage, then we have no right to whine about a few lousy points.

Of course, this is not a one-way street, as I have been known to whine from time to time. So next time I whine about the lack of a cut to my 12-hand, feel free to whip out this page and remind me of what I wrote here. **CW**

Variations on a Theme

CAPTAIN CRIBBAGE

Sooner or later, everyone finds themselves in a room with three people who want to play cribbage. Rather than one player sitting out while the other two get to have all the fun, “Captain Cribbage” was invented! Standard cribbage rules apply, with these exceptions.

One player (“the captain”) plays against two players (“the crew”). The captain has to go only 61 holes, while the crew has to travel the standard 121 holes. The captain deals first in each game, and the deals passes to her/his left on subsequent hands until the game is finished.

Each player gets five cards, with an extra card being dealt into the crib. Each player discards one card into the crib. If the dealer forgets to deal a card to the crib, the top card from the card stock is added to the crib to make a full complement in the crib.

The crew, of course, starts with their pegs in hole 0. The starting position for the captain’s pegs can be either hole 0 (in which case the captain goes up first street and then turns immediately onto fourth street) or hole 60 (in which case the captain covers third and fourth streets only).

As in standard cribbage, skunks are counted as hole 90 or greater for the crew. The captain is skunked, however, if she/he doesn’t get to at least hole 46.

To make things fair, it is common to play Captain Cribbage in sets of three games, with each player taking her/his turn as the captain. **CW**

COOL STUFF WE FOUND ON THE WEB

Jay Sorensen (Stockton CA) is a northern California expert in fishing for striped bass. In January he was inducted into the California Outdoors Hall of Fame. To read the story, go to **recordnet.com** and type “Jay Sorensen” in the search box. Jay has also earned his Master rating and Gold Award, so he’s pretty good at indoors stuff too! *Thanks to Annett Eiffert (Fair Oaks CA) for the heads-up on this achievement.*

Pat Llewellyn
(Bellingham MA)
Life Master #247

Pat learned to play cribbage at work during lunchtime, but it was so long ago forgot she's forgotten their name! Pat joined the ACC in 1990 and looks to Bill Medeiros as her mentor. She is the founder of Club 161, where she earned her Silver Award and has been club champion once. Her only main tourney win was in Vermont in the 1990s, but she has two consolations under her belt. Her favorite tournament is the National Open in Raleigh, and her toughest opponent is Frank Corrado. Pat enjoys volunteer work when she's not playing cribbage.

Tourney Tidbits

28 x 2 not good enough! **Charlene Cohen** (Saint Cloud FL) held two 28-hands at the Rampart Casino Midweek tourney in Las Vegas NV in late June—and lost both games! She finally figured it out at the Independence Day high roller satellite when she got her third 28-hand in the space of ten days—and won the game!

New to the game **Christian and Cash Stallworth**, a father-and-son team from Central Point OR, decided to try their luck at doubles in Medford OR on June 22. So they played three practice games—and then took first place. One week later, Cash won the YGN2 championship!

Flushes galore! The Marv Lang Memorial was held to honor Marv and his many contributions to Illinois cribbage and the ACC. Marv was well known for his love of flushes, so the tourney paid \$10 to the first twenty flushes, \$20 to the first straight flush, and \$50 to two opponents who held flushes of the same suit on the same deal. All of this money was donated by players at the tournament.

Every point counts Four players competed for the last playoff spot in the National OpenT consy, and all four of them had 12/6 +9. In this case we go to positive spread points to break the tie, and **Ernie Hodgson** (Raleigh NC) was the lucky low qualifier with +76 in the positive column. The three unlucky

players were **Bill Campbell** (Fort Walton Beach FL) with +68, **Sandy Denmark** (Tallahassee FL) with +64, and **David Campbell** (Parsonsfield MA) with +56.

Cribbage artist To say that **Eric and Rita Frey** (Dallas OR) had an interesting few days out west the first week in July would be quite an understatement. The main reason that they attended the Reno tournament was to deliver a sculpture that **David Aiken** had purchased from Eric. Mailing the seventy-pound Eric Frey original, entitled “Volvere” (*picture below*) would have been cost-prohibitive, not to mention dangerous to the health of the sculpture, so they delivered it to David in person in Reno. In a twist of fate and circumstance, Eric and David met in the final match of the 150-player Independence Day Classic main tournament, in which the buyer pre-

The Inside Track

by Rob Medeiros

Many players ask me how to become a better player. I've talked about this in the past but want to spend some time discussing three specific tips.

Tip #1: the easiest way to improve your game is to remember what two cards you discarded—every hand. Knowledge is power, and if you know two extra cards that are out of pegging play and that your opponent doesn't know, it can only be to your benefit. Cribbage is a game of percentages, and defensive pegging in particular is greatly aided in crunching all the numbers. Don't worry though, as it's not as complicated as it sounds!

Let's use this hand as an example. It's your crib, so you keep 6-7-8-9 and discard 5-5 (don't forget to raise your hand!). It is early in the game so position is not that vital. Your opponent leads a 3; what do you play? Under normal circumstances—or not having any idea what is in my crib—I would play the 9 and hope my opponent didn't lead from a pair of 3s. However, armed with my knowledge of my double 5 discard, I will play the 7 and guard against the two remaining 5s rather than the three remaining 3s. Over the long haul you will have a decided advantage with this extra data.

Next month's tip: Always have a plan in mind before the cut card is revealed.

Life Master (3★) Rob Medeiros won the Eastern Region championship by remembering what he discarded! He can be reached at mrob2199@aol.com.

vailed over the seller. But Eric was far from done. He and Rita then decided to play the Topaz Summer Classic. Eric won the first fourteen games of the main, recording the high qualifying score of 38—and his personal best! Not to be forgotten, Rita also qualified. Alas, both were defeated in the second round, but enjoyed a cribbage week they will not forget.

Groundhog day There's something to be said for consistency! It wasn't easy, but Grand Master **Richard Hinrichs** (Redding CA) managed to lose the same four games on consecutive days in the Sacramento one-day tournaments! Not to worry, he qualified both days: #4 on Saturday (first-round knockout) and #3 on Sunday—and won the tourney!

Cribbage Board of the Month

BY JAY FULWIDER

I am working on this column as I prepare for the ACC's Grand National and the Cribbage Board Collectors Society convention in September. Both are being held at the Crown

Plaza in Milwaukee. I hope to see many old ACC and CBCS friends, and I am looking forward to making new friends. Enjoy these photos of past CBCS commemorative boards!

Jay Fulwider collects cribbage boards from his home in picturesque Washington State, where he also enjoys golf, fishing, and racquetball. His philosophy on the key to life: "Just keep your pegs moving." Ideas for and questions about this column may be sent to him at budandotis@msn.com (put "Cribbage Board" in the subject line).

Grand National Checklist

- register before September 8
- confirm hotel reservation
- pack your old cribbage board for the Cribbage Board Road Show
- pick which satellite events to play
- attend the Cribbage Board Road Show on Friday afternoon
- bid on old cribbage boards at CBCS auction
- be in your seat by 7:40a on Saturday the 22nd
- win Grand National 37

Cribbage Board Road Show

The Cribbage Board Collectors Society will hold an "ask the experts" session on Friday afternoon in Milwaukee. Got an old board that you'd like to know the value of, its age, the material it is made of? Bring it with you to Milwaukee, and CBCS members will tell you all about it! Plus you'll be able to meet **Jay Fulwider** in person and bid on cribbage boards in the CBCS auction!

JOB OPENING — Internet Statistician

We have an opening for internet statistician. The ideal candidate is computer savvy, is detail oriented, communicates professionally in writing, and is familiar with Microsoft Excel and Access. Personality and enthusiasm for the internet program are the most important qualities. The internet statistician will compile stats weekly and report them monthly to the membership both on our webpage and in *Cribbage World*. This is an awesome team to be a part of, and we'd love to help you grow with the internet program! If interested, contact Tammy Gibbons at maggiesweet@gmail.com.

ACC Cribbage Code of Congeniality

During a new player's trial period (four weeks or until they earn points—whichever is longer) . . .

- We pledge to welcome new players warmly and make them feel wanted.
- We pledge to not penalize new players for violating tournament rules. (We will, instead, gently tell them what the rule is and what the penalty would be.)
- We pledge to not let new players underpeg points or undercount hands. (We will, instead, explain errors and then allow new players to take all points they are entitled to.)
- We pledge to not make new players feel inferior if/when they miss points or make a bad play. (We will, instead, let them know that all cribbage players do this and that it is part of the learning process.)
- We pledge to not force new players to play a game in fifteen minutes. (We will, instead, be tolerant and not complain, remembering that we, too, started slow.)
- We pledge to allow new players to play for free or at the minimum cost of club expenses.

After the trial period is up . . .

- We pledge to continue to make all players—new and existing—feel welcome and comfortable at our club.

53 Grass Roots clubs have adopted the “Play Nice Pledge”

Here are latest clubs to sign up:

Metro Club 288 (Collinsville IL)

To add your club to this list, send email to cribbageworld@cribbage.org.

ACC Challenge #11 begins at GN. Add up your scores from the qualifying rounds in three tournaments to see if you win: Grand National 37, the 2019 TOC, and the 2019 ACC Open. There are two prize funds: \$50 and \$100, with 100% payback to 1 in 10. Contact David Aiken to sign up (cribbageworld@cribbage.org or 616.401.8311). Entry deadline is the start of play on Saturday morning, September 22.

Ruling Points . . .

The new testing coordinator, Sally Henderson, notifies regional commissioners whenever a new judge is certified. Tournament directors: when these new judges show up, pair them up with an experienced judge, and soon they will have the confidence to handle any situation. Thanks to Al Miller, who up until this year was responsible for putting all the great judges we have in the field!

GAME ON

by Dan Zeisler

Youth Teaching Tip

The most difficult concept to grasp as a new cribbage player is the strategy of exposing your cards during the pegging process. When working one-on-one or with a small group, you may want to try the following teaching approach when first starting out. Deal out four cards and practice laying down your cards. This way you can help your student(s) not play into runs and when to say "go." You can cover rules such as having to play all your cards before claiming the point for "go" and how to restart a sequence to 31. These basic parts of the game can be confusing to a newcomer. I usually open my first few lessons with four or five hands of this, and then move on to how to play with a standard six-card deal. This teaching strategy avoids overwhelming new players (especially youth) by all the different aspects of the game. If a young person gets a sense that the game may be too difficult to learn, you've most likely lost them.

Youth News

Six sanctioned youth tournaments were held in the past cribbage season: YGN1, Youth Santa Slam, Sierra Youth Tournament #25, Cribbage Memorial Youth Tournament #7, Para Pegs Youth Tournament, and YGN2. The two largest were YGN2 (48 players) and Sierra Youth Tournament (37 players). Forty-three youth players earned Youth Rating Points (YRPs). For a complete listing of youth standings, go to cribbage.org and click the Youth Cribbage thumbnail. Here are the top three lifetime YRP leaders:

- 1 **Connor Branson** (Roseville CA) 86
- 2 **Zack Gregson** (Antioch CA) 82
- 3 **Wyatt Hagan** (Rio Vista CA) 60

If you are a tournament director and want to have a Saturday youth tournament in conjunction with your adult event, contact Don "Grumpy" Howard. Depending on logistics, he may be able to attend your event and serve as director or codirector of the youth event. He is particularly interested in establishing tournaments in the Midwest and Eastern regions of the country. For more information, contact Don at 916.212.2465.

Dan Zeisler is founder of Sierra Youth Cribbage Tournament. Send info about youth cribbage to 530.263.7468 or danthefan@yahoo.com.

Connecticut Cribbage

by Paul Batterson (Tolland CT)

This is a list of Connecticut players who have achieved Master status or better (as of 7/31/18). **Dwight Christensen** would have been on this list, but he now lives in Illinois. With that notable exception, I believe, the list is complete. Everyone on the list accumulated the majority of their MRPs while living in Connecticut, except **Tom Fiorini**. I am certain that I contributed to all of these players' MRP totals, with the possible exception of **Richard Clukey**. Only six of the players were not members of Hartford Metro Club 26.

BAD BEAT!

Jim Rosso (Cheyenne WY) takes the early lead (with 13/6 -24) for the nine-game bad beat consy scorecard.

Tournament directors: submit the highest nonqualifying consolation scorecard to *Cribbage World*. At the end of the season, the two best consy scorecards (eight-game and nine-game) that do not qualify for playoffs will win \$100 from the ACC. Send a picture of the scorecard to cwed152@gmail.com.

COOL STUFF WE FOUND ON THE WEB

After **Tracy Grauer** and the Roseburg youth players returned home from YGN2 in Reno, a reporter for the local newspaper wrote a fantastic article about the youth players and Club 62, complete with great photographs. Check out the front page of the July 9 edition of the Roseburg News Review. Go to **nrtoday.com** and type "middle school cribbage" in the search box.

Grass Roots Corner

Paul Gregson sent us this info about the Travelers Club. Club 600 will still exist for the 2018–19 season, so players will continue to have the option of being a traveler. If you are a member of the Travelers Club then that is your club, and you are competing for the Travelers Club championship only. If you are not in the Travelers Club you are competing for the championship of whichever club you join. This is what we recommend for snowbirds: decide based on how you split your time. If you play, say, thirty times at a club near your home and only say six times elsewhere, then join the nearest club and compete for that club championship. Any time you play elsewhere, you still earn visitor points for your lifetime total. If you split your time close to 50/50, then realistically you don't have a chance to win either club, so probably join

the Travelers Club and try to win that.

Patricia Ryan at Club 43 (Fremont CA) now knows how fun it is to get a 29-hand, even in the off-season!

At Chesapeake Area Club 272 recently, **Robin Ouellette**

and **June Fordham** had an interesting end to their game. Robin (pone) was two holes out, and June (dealer) was three holes out. Who would peg out first? Neither! They each pegged one point, leaving Robin one hole out and June two holes out after the

pegging. Both hands and the crib had zero points! In the next hand, June led a 4, Robin answered with a 7, and June paired the 7—and *finally* someone one the game!

Club 390 (Bergland MI) just completed its sixth year of play. One member, **Don Smith**, has perfect attendance during this time—competing in 216 weekly tournaments, six GRRTs, and six GRNTs. He and his wife, Karen (also a member), are first to volunteer to help out in any way they can. Congratulations, Don!

Club 194 (Eureka CA) had some activity worth repeating over the summer holiday. **Peggy Shea** reports that Humboldt Club 194 had a booth in the local Fourth of July celebration. They shared information about the ACC and showcased many of

the awards earned by members. They set up four card tables and had many fun games throughout the day. They passed out business cards printed on the back of a deck of cards, which invited visitors to join them during the summer. The business card was also good toward their weekly fee

to play (\$8 value) during the summer. The club made many new friends and now has twenty-five names to contact about membership, via a signup sheet. A big thanks goes out to Barrett, Rusty, Sheryl, Laurie, Christina, Lisa, Joe, and Peggy.

Club 240 (Maplewood MN) congratulates **Mary Thacker**, who had a grand slam on August 7. The club played on Tuesday only a couple of times this year because of scheduling conflicts, but both times Mary has done well. Last time she had a 15 card and took first!

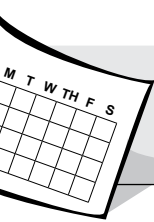

Club 284 (Eau Claire WI) had good news and bad news for **Chad Frischmann** this past season. The good news—he amassed 304 GRPs, the second highest in the seventeen-year history of the club. The bad news—it ended up being only the third highest as **Dennis Ulberg** earned 326 GRPs this season to beat Chad out as the club champion! Neither player earned points in the GRRT or GRNT!

Club 82 (Seaside CA) director **Christy**

Lens reports a 28-hand by **Ross Njaa** and a grand slam by **Dick Lind**. The club championship race was exciting! The club's oldest player is also the longest tenured member of the club—and he's proving that experience pays off! **Mel Ashley** was club champion last year for the umpteenth time, and he was leading the club again this year by a widening margin, but then "upstart-newbie" **Wilson Taguinod** mounted a charge! He scored 50 GRPs in the GRRT and GRNT to Mel's zero. Wilson caught the grizzled veteran on week 33, lost it on week 34, took it back on week 35, and secured it with more points on week 36! Considering that Wilson is also doing well earning MRPs at weekend ACC tournaments this year, we can no longer call him an "upstart-newbie"!

Sandy Sands writes: "My dad, Bill Sands, passed in 2000, but he taught me cribbage at an early age. We often gathered at the Wing Ranch (*see picture below*) with uncles, aunts, and cousins, where we couldn't wait until we were old enough to learn cribbage at one of several card tables set up in the living room. My dad was champion at Helena Club 25 and winner of one sanctioned tourney. I have been fortunate to follow in his footsteps decades later, securing club championships in 2007 and 2008. He was my inspiration in cribbage, but even more so, in life!"

IN MEMORY OF CRIBBAGE FRIENDS

Dorene Carloni

Dorene Carloni (Sarasota FL) peacefully passed away on July 12 after a short illness from complications of being ninety-six years young. Dorene was one of the staples at Club 328—always happy, singing, telling stories of her kitty and inquiring about her opponents' pets as she rounded the cribbage table each week. When her children no longer allowed her to drive on her own, two of our club members volunteered to transport her every week. That's just how loved she was. Amazingly, Dorene was still traveling to weekend tournaments across the state up until a couple years ago. She was an amazingly *fast* player, with cards in her favor way more than not, as she had earned her Bronze Award at club. Dorene will be so sadly missed!

25 Years Ago in the ACC

The cover of the September 1993 *Cribbage World* announced **Albert Miller** (Nashua NH) won the twentieth annual National Open. This year's NOCT—the forty-fifth—was won by **Megan Player** (Cary NC).

Elsewhere we read that **Dwight Christiansen** (then of Stratford CT, now of Chicago IL) won the 188-player New England Inaugural and that **Barry Spadea** (Riverside RI) won the 122-player Maine Open main. **George Bickford** (West Springfield MA) was appointed Eastern Region tournament commissioner upon the retirement of **George Webb** from the BOD. This issue also includes an announcement that smoking would not be allowed in the playing area for Grand National 12 in Missoula MT.
