

ACC Safety Rules

What the Players must do

If you are feeling ill or have underlying conditions you should not play.

A waiver must be signed to play at your own risk.

Sanitizer at each board and must be used before starting any match.

Social distancing is expected (this means no hugs or handshaking).

Masks must be worn when mandated by the director/venue/county/state.

Bring your own pegs, or a set will be provided at the start of each tournament to be used the entire tournament; return at the end of play to an assigned area for disinfecting to be used for the next tournament.

Pens will be given to you for the weekend, please carry with you and do not share.

If you find out you have tested positive after a tournament and may have had it while playing in the tourney, you must let the director know ASAP so they can inform players they may possibly have been infected and to be tested immediately.

What the Director will do

Tables must be spaced for social distancing.

Only one or two boards per 8' tables max.

Must provide the supplies so all can comply with above rules.

Self-serve buffets are not allowed – food must be served by venue staff or pre-packaged, or directors need to allow players to choose lunch on their own.

If a player notifies you they have tested positive after attending, you must let all players who attended know someone tested positive and they should be tested.

If any player blatantly disregards any of the above rules, they should be asked to leave immediately, and a report shall be filed with your regional commissioner and the ethics committee ASAP.

Cooperation is a MUST for the safety of all.
